

ECHOVANTAGE RELEASE NOTES

VERSION 2.31

NEW FEATURES

New Bundling Options

When a Service Definition is configured as a Bundled service, new options are available:

- A Minimum Total Services may be entered if the Bundle must have a certain number of services to Bundle. Any value 1-999 may be entered.
- A Minimum Services amount may also be set on the Bundle's detail services. Any value 0-999 may be entered.

If these Minimums are not met, the individual services will be placed on Hold and then made Ready for the next Service Processing.

- The Monthly bundling Frequency has been implemented.

Staff Modifiers

- Modifiers based on Staff Credential may be entered under Configuration>Services/Payers>Service Definitions.
- Rates defined under Payers may also use Staff Modifiers.
- The existing Modifiers section has been relabeled as "Procedure Modifiers."
- The Rates page was redesigned for better workflow.
- The Position of a Staff Modifier may not be additionally used in Procedure Modifiers.

New CMS 1500 Options

New options for reporting Staff and Organization Taxonomy have been added in Configuration>Services/Payers>Payers>Billing Methods>CMS 1500

UPDATES

Ticket #	Description
