

ShareCare Version 8.12.5 is now available!

INTRODUCTION

ShareCare Version 8.12.5 contains bug fixes and an enhancement.

SAAS CUSTOMERS

Echo support will contact you to determine the best time to install this version.

SELF-HOSTED CUSTOMERS

Do not install this version until 8.12.4 has been installed.

IT IS HIGHLY RECOMMENDED THAT YOU PERFORM AND VERIFY A FULL DATABASE BACKUP PRIOR TO INSTALLING ANY UPGRADES, ENSURING THAT YOUR DATABASE CAN BE RESTORED IF NEEDED.

Please note that users will be unable to access ShareCare while the version is being installed.

If you have any questions about this process or about items requiring administration, please contact Echo Technical Support at (510) 238-2727 or e-mail support@echoman.com.

BUG FIXES

Ticket #	Description
SC-237	SQL error reopening an admission – When opening an admission, the error ‘ShareCare has encountered an error. Please contact tech support at Support@echoman.com ’ would appear. This has been resolved.
SC-244	Share Care Error System_of_care_id is undefined in GETUSERSOC when entering new admissions – When entering a new admission and clicking new, the user would receive the above error. The System_of_care_ID_reference was fixed to resolve this error.

ENHANCEMENT

Ticket #	Description
SC-220	Mass recreate of invoices – Invoices can now be mass recreated. This feature must be turned on by Echo.
SC-241	Metadata changes for Utilization Control – County specific.- The County has requested to ignore utilization control for some facility programs. When admissions are archived, the underlying Authorization_UC_FacProg and Authorization records should be archived as well.
