

SMS APPOINTMENT REMINDERS RELEASE NOTES

VERSION 2.4

REQUIRES ECHOVANTAGE VERSION 3.21

UPDATES

Updates were made to the SMS application to work with the new Group Events schema released in EchoVantage version 3.21. Group Event participants now receive an SMS reminder if they meet the Reminder job filter criteria. There are no changes in the SMS application user screens and this update does not affect CDT SMS Appointment Reminder users.
