

ECHOVANTAGE RELEASE NOTES

VERSION 3.24-HOTFIX1

BUG FIXES

[Reprocessing Jobs with Bundled Charges Failing, EV-773 \(Case 2661\)](#)

An issue was reported where reprocessing jobs that included bundled charges were failing. Updates were made to the query to no longer pull non-necessary, related charges. Reprocessing now completes successfully when bundled charges are included in the job.
