

ECHOVANTAGE RELEASE NOTES

VERSION 3.28-HOTFIX 1

BUG FIXES

Ticket #	Case #	Description
EV-1568	5480	<p>An issue was reported where the <i>Save Anyway</i> button on the New Service screen's duplicate check was not disabled after it was selected, allowing multiple duplicate Services to be created at the same time if the button was selected repeatedly. Now if the Service duplicate check finds a similar Service and the database or network is slow, the <i>SAVE</i> and <i>CANCEL</i> buttons are disabled and only one Service is saved even if the user rapidly clicks the <i>Save Anyway</i> button.</p> <div data-bbox="370 621 1502 877" style="border: 1px solid #0070C0; padding: 10px;"><p>Duplicate Services</p><p>There is already 1 service for this Client, Staff, Date and Service. Are you sure you want to continue?</p><p style="text-align: right;"><input type="button" value="CANCEL"/> <input type="button" value="SAVE ANYWAY"/></p></div>
